Petticoats

To-morrow we will place on sale some more of those wonderful \$5.00 Petticoats, all silk, generously cut, several styles, **\$3.75** only - - - -

MONEY DESIRABLE, BUT LOVE'S THE THING

George Mulligan, Jr., Will Be True to His Show Girl Wife, Even to the Extent of Working to Support Her

[Special to The Times-Dispatch.] New York, July 30.—Having married a show girl, Beattie Van Ness, of the "Beauty Spot," against the wishes of his millionaire father, George Mulligan, Jr., has finally broken with his father, his sister and an inheritance of \$2,000,000. To-night he departed for Detroit to work in an automobile factory and to demonstrate that "I am

quite capable of supporting my own wife," and that, although "money is desirable, love is the only thing which I want."

"My wife will wait until I can earn money enough so I can send her a ticket to Detroit. I have no more hope of a reconciliation with my father. Even if I gave her up, which I will never do, I doubt if he would take me

back as a son—even if I would go."

"We broke completely on Thursday. After working in a garage for \$25 a week, and then being reduced to \$15 a week, and then being told he could no longer pay me that, he made an arrangement with my cousin, who manages the garage, to hand me \$1 every night for my room rent in the Bartholdi and \$1 every morning for my meals."

"I could not keep myself and wife on this. She had been out in the country visiting friends. When she came back I went to my father and asked for some money."

"Didn't you get your dollar this morning?" he asked me. I begged for another dollar, then for 50 cents. At last he gave me a quarter. That was the limit."

From \$2,000,000 to 25 cents—that was young Mulligan's cut for marrying a show girl.

"Perhaps if your father saw her he would like her," was suggested to young Mulligan.

"Oh, I've tried to bring them together; and this is what happened," he answered.

"I took her out to Morris Plains, where father lives in the Richard McCurdy mansion. We drove up in a station cab. He and my sister were sitting on the veranda. I introduced my wife, and my father shook her by the hand and looked pleased."

"But, up jumps my sister. Going indoors, she calls to the Richard McCurdy mansion. We drove up in a station cab. He and my sister were sitting on the veranda. I introduced my wife, and my father shook her by the hand and looked pleased."

"There, getting him into a room, she turns the key, locks him in, then comes down, and from the middle of the stairs orders us off the premises."

BILLS ARE FOOTED BY DRINKING MEN

Their Contributions Help Pay Expenses of Municipal Government.

MILLIONS FOR LICENSE

Some Startling Figures Are Set Forth in Recent Census Report.

Washington, July 30.—Over forty million dollars in the large cities of the United States go to pay license fees. The extent to which the drinking men help to pay the expenses of the governments in the cities is indicated by a census report covering the finances of the country for the year 1908 in the cities having a population of 30,000 or more. There were at that time 158 of such cities, but the complete figures were available for only 151 of them, and these figures showed that in these places the licensed drinking places paid an aggregate of \$11,950,158. This was a gain of almost \$3,000,000 from the preceding year, and of about \$11,000,000 over the year 1905. The increase was due to the larger fees enacted by most of the cities. Of the drinking places sanctioned by law there are no fewer than 67,121, and this is a decrease within three years of about 4,000. This falling off was due largely to the fact that a number of cities went "dry." Of the 158 places, 24 had become "no license" cities when the census was made. The change was most marked in the South Atlantic States, and least in the Rocky Mountain region.

The States claiming the largest number of saloons to the population were Texas, Wisconsin and New York. Pennsylvania, Massachusetts and Nebraska claimed the smallest number in proportion supplied. Galveston had one licensed bar to every 138 of her people. Milwaukee one to every 141, and Hoboken one to every 175. Philadelphia, the freest of large cities, there was one drinking place to every 758 people. Lincoln, Neb., had only one to every 2,033. The report shows many other interesting facts concerning municipal finances. Including the total receipts of the 158 cities in question, which for 1908 was \$1,268,635,456. This figure was made up from the tax receipts, borrowed money and refunds. Of the total amount \$500,905,414 was borrowed. Liquor licenses and taxes formed more than 13 per cent. of the general revenues in the cities of Ohio, and more than 10 per cent. in the cities of California. New York City received \$7,927,300; Chicago, \$7,252,687; and Philadelphia, \$1,969,451, from this source. The only other cities deriving more than \$1,000,000 from liquor licenses were St. Louis, Boston, Cleveland, San Francisco and Cincinnati.

EXPLOSION IN HOSPITAL

Accident Causes Hasty Removal of All Patients to Safer Quarters.

Philadelphia, Pa., July 30.—The explosion of a quantity of alcohol in Mount Sinai Hospital, in the southern section of the city, this afternoon started a fire in the basement of the institution, and compelled a hasty removal of all the patients to safer quarters. None of the patients was injured, and the only person hurt was Louis Schmidtmeyer, an orderly, who received slight injuries from the exploding alcohol.

The explosion made a loud report and alarmed all the patients. The superintendent, who was in his office with several other physicians when the explosion occurred, summoned all the men in the immediate vicinity. There were twenty patients in the hospital, and while the firemen were arriving the more serious cases were removed on cots to neighboring houses, while the other inmates were laid on the hospital lawn. The fire was only a trifling one, and after it had been extinguished all patients were returned. The hospital is near the foreign quarter of the city, and there

SUMMER SCHOOL CLOSES.

Registration Largest in History of University of Virginia.

[Special to The Times-Dispatch.] Charlottesville, Va., July 30.—The annual session of the Summer School of the University of Virginia came to a close to-day, and the majority of the teachers left on the afternoon trains for their homes. The lectures closed on Wednesday, and since then the teachers have been undergoing examination tests. Of the 1,340 teachers enrolled, fully one thousand remained over to take the examinations.

That it was a fine body of students, all agree. The attendance was the largest in the history of the school, by some 200 teachers being enrolled from twenty-four States, and ninety-six of the 100 counties of Virginia. During the session many teachers from the far South organized congenial parties, and visited Luray Cave, Natural Bridge and Washington. There were several attractions during the six weeks, including seven organ recitals by Professor Paul de Launay, of France, and three productions by the Coburn Players.

FIERCE BATTLE FOUGHT IN DARK

Striking Miner Killed, and Soldier Seriously Wounded.

DAILY RIOTS AT HUFFTOWN

Pittsburg University Football Players Act as Guards at Irwin.

Greensburg, Pa., July 30.—In a desperate hand to hand battle last midnight, near the Export coal mines, ten miles from this place, a striking miner was shot and killed, and George Davis, of Wilkesbarre, Pa., a member of Troop A, Pennsylvania State Constabulary, was seriously wounded. Nearly a score of others received minor injuries. The battle between the strikers and the authorities was fought out in the dark, and was the result of the efforts of the law officers to arrest sharpshooters, said to be strike sympathizers, who have for the past week nightly endeavored to shoot out a search light placed on the tipple of one of the mines where a strike has been in progress for the past three months.

The body of the killed striker, who is as yet unidentified, was brought here. The wounded trooper lies in a local hospital. His condition is serious.

Situation Is Grave.

The strike situation in the coal mines in this section is extremely grave. Rioting and the presence of State troops and deputy sheriffs are the result. It is said, of the effort to unionize the Irwin district. Yesterday thirty-four persons, among them two women, were arrested here on charges of "inciting to riot."

Thursday night a striker was shot and killed in an encounter with the State authorities.

Warrants for the arrest of thirty-eight well-known coal miners of this section are now in the hands of the sheriff and will be served.

Rioting at Hufftown.

The borough of Hufftown has appointed twenty of its most prominent men to serve as deputy constables to preserve the peace in that place. Rioting there recently has been almost a daily occurrence. At Irwin, the members of the 1910-1911 football team of the University of Pittsburgh are acting as mine guards. It is said the Governor may be appealed to if the disorder of the past month is not stamped out shortly.

KILLED IN HIS HUT AND THEN ROBBED

No Clue Exists as to Slayer of Meredith McGann.

[Special to The Times-Dispatch.] Lynchburg, Va., July 30.—That Meredith McGann, who was found murdered in the porch of his lonely hut about fourteen miles from Lovington yesterday morning, was probably slain for purposes of robbery was made evident today when, after an investigation of the house and his simple effects had been made by county officers and others, it was found that money, which he was known to have had hidden in his room, was missing, and evidences of the box in which it was kept having been broken open discovered. McGann, a colored man, was found in his room, and that as a result murder was added to the crime of housebreaking and robbery on the part of the murderer.

Absolutely no clue exists as to the identity of the slayer, and the authorities, with the exception of the discovery of the missing money, are as much at a loss to account for the death of the reclusive as they were yesterday.

Will Investigate Death.

Walter Thompson, colored, was bailed in the sum of \$200 to-day for his appearance Monday in court for an investigation into the death of Richard Reed, also colored, who Thompson caused, Thompson and Reed, who were friends, were sparring with a new pair of boxing gloves Friday night. A few minutes later Reed was taken sick and died, having received a solar plexus blow.

MET AT WALLER'S CHURCH.

Baptist Representatives in Sunday-School Convention.

[Special to The Times-Dispatch.] Spotsylvania, Va., July 30.—The representatives of the Baptist churches in the counties of Spotsylvania, Louisa and Caroline met in Sunday-school convention with Waller's Church, of this county, on Tuesday last, and on organizing, A. P. Reynolds, of Louisa, was chosen moderator, and Rev. George Waite, of Spotsylvania, was elected secretary. Reports of Sunday-school work in the Baptist churches in the three counties were received, and showed an improved condition in that feature of church work. Numerous methods of work were discussed, and the Sunday-school interests were discussed. The session extended through a period of three days, during which great harmony prevailed, and new interest was engendered in the Sunday-school cause.
